Stewardship Giving Levels

People often wonder how to calculate what their pledge will be to the church. A pledge is a personal and confidential decision and each person's financial situation will be different. At the same time, the Fellowship's continued existence and exciting growth depends upon the regular giving of its members in order to carry out the programs and create the spiritual home that nurture individuals and creates a basis for justice in the larger world. Please reflect on the role that the Fellowship plays in your life, your own financial situation, and the needs of the congregation for growth as you decide upon your level of giving. Consider that your pledge is likely something that you would need to budget for and pay in increments just as you would with your other weekly and monthly expenditures as opposed to what might be possible as a one time donation.
